

Launch of New Routes: Narita to Saipan and Narita to Nagoya (Chubu)

19 September 2019

Skymark Airlines Inc. has decided to launch new services between Narita and Saipan, and between Narita and Nagoya (Chubu) by the end of December 2019.

Service between Narita and Saipan* will be the only non-stop flight connecting Japan and Saipan with a flight time of approximately three and a half hours and will also be SKYMARK's first-ever regular international service. SKYMARK looks forward to offering customers with the experience to explore the wonders of the Northern Mariana Islands, including Saipan, and thereby accelerate travel demand and mutual exchange between Japan and the Northern Mariana Islands.

As for service between Narita and Nagoya (Chubu)*, it will provide additional travel options and increased accessibility to customers by linking the Chubu region with Kanto.

Preparations for the two new service launches are underway. Further information on inaugural flight dates, flight schedules, reservation opening dates, etc. will be announced as soon as they are confirmed.

*Service between Narita and Saipan is planned to operate once daily, service between Narita and Nagoya (Chubu) twice weekly.
