

Skymark signs firm contract with Airbus for purchase of A380s

18th February, 2011

Skymark Airlines INC. signed a firm contract with Airbus S.A.S. for purchase of Airbus A380s on Thursday, February 17, French local time, in Toulouse, France.

As was already announced on November 8, 2010, six A380s (including two options) will be introduced. The first aircraft is scheduled for delivery in 2014 and will be deployed on international routes.

Skymark will continuously improve its service quality and make further efforts in establishing convenient networks for customers.
